SUN PROTECTION™

OCCUPATIONAL & CLINICAL SUN SAFETY

FOR EMPLOYERS AND SHE MANAGERS

Close the UV gap in your safety file.

Solar UV is a known hazard for outdoor work. SUN PROTECTION gives you the assessment, the control, the training and the record that your client, auditor or tender evaluator asks for.

Assess

A dated UV risk assessment per site.

Control

Shade, scheduling, clothing, SPF 50 at the point of work.

Train

Toolbox talks in your crews' languages, with registers.

Record

Usage, checklists and a quarterly scorecard for the file.

11+

Typical summer midday UV Index in Gauteng and KZN: the WHO "extreme" band

1 in 3

non-melanoma skin cancer deaths worldwide are linked to outdoor work (WHO and ILO, 2023)

s8

OHS Act: a working environment without risk to health, as far as reasonably practicable
