Technical and compliance status

SUN PROTECT PRO | SPF 50 broad spectrum (UVA/UVB)

This is an honest list of the evidence behind SUN PROTECT. **Held** or **in place** means we have it now. **Not yet held** means it is planned and nothing that depends on it is claimed. We update this page as reports arrive.

AREA	ITEM	STANDARD OR BASIS	STATUS
Formula identity	Final INCI list with the percentage of every UV filter	SANS 1557:2019 permitted filters	**To be obtained from the manufacturer**
Protection	In vivo SPF test of the final formula	ISO 24444:2019	**Not yet held**
Protection	UVA protection (UVA-PF to SPF ratio, critical wavelength)	ISO 24443	**Not yet held**
Protection	Sunscreen product standard assessment	SANS 1557:2019	**Not yet held**
Safety	Preservative efficacy (challenge) test and microbiological limits	ISO 11930, ISO 17516	**Not yet held**
Safety	Skin irritancy patch test	Accredited clinical laboratory	**Not yet held**
Quality	Stability and compatibility in the final pack (sets shelf life)	Accelerated and real-time	**Not yet held**
Quality	Manufacturer cosmetic GMP evidence	ISO 22716	**To be obtained from the manufacturer**
Quality	Certificate of analysis for every batch	Batch release	**Required for every batch before release**
Packaging	Resin type and BPA / phthalate declarations from the pack supplier	Supplier declaration	**To be obtained**
Claims	Water or sweat resistance	ISO 16217 / ISO 18861	**Not claimed; test only if a claim is wanted**
Labelling	Label particulars (net content, directions, warnings, INCI, batch, expiry, responsible party)	FCD Act 54 of 1972 and cosmetic labelling rules	**Specification in place**
Regulatory	Cosmetic positioning with no medicinal claims	SAHPRA borderline guidance	**In place (claims policy)**
Traceability	Online batch and expiry check with stored lookups	sp.healthbrands.co.za/info	**In place**
Risk	Product liability and recall cover	Insurer certificate	**Planned**

WHAT THIS MEANS FOR CLAIMS

- We state only: SPF 50 broad spectrum (UVA/UVB), per the launch claims policy.
- We do not claim water or sweat resistance, dermatological testing, test certificates, third-party seals or endorsements.
- Sunscreen is a cosmetic. We make no medical claims such as preventing disease.

FORMULATION COMMITMENTS (AIMS UNTIL THE INCI AND REPORTS ARE CONFIRMED)

- Aim: formulating without oxybenzone and octinoxate.
- Aim: a light, non-greasy finish that rubs in clearly on darker skin types.
- Aim: packaging free of PVC and declared free of BPA and listed phthalates.
- Commitment: no claim is printed or published until the matching test report is held.
